## STATE LEAGUE CLUBS ITS ANNUAL MEETING BURKE IS NON-SUITED FERRER TRIED TO KILL

Secretary-Treasurer Henry H. Diddlebock Tendered a Vote of Thanks for the Faithful Performance of His Duties-Scranton Given a Place on the Board of Directors and Schedule Committee.

The annual meeting of the Pennsylvania State league of base ball clubs was held at the Forest house yesterday

The meeting brought together all the treated to some remarkably fine base ball games during the coming season. There will be plenty of young players who can give points to the worn out men of the Eastern league about how to handle a grounder, or slide to a base. There will be no lack of ginger in the base ball games that will be seen in this city next summer.

Those present at yesterday's meeting were Secretary Treasurer Henry J.

Hanlon, Allentown; E. K. Meyers,

The State league people will go to Wilkes Barre today and try and place a club there. There is a very general sentiment in favor of State league membership at Luzerne's county seat, and there is good reason to believe that Wilkes-Barre and Scranton will play together during the coming season.

EVENING SESSION The evening session was devoted principally to a discussion of the right f cinbs to sign men who played with State League clubs last season. The Reading and Scranton clubs want Massey, who played with both these clubs last season. Manager Swift has signed him for this season, but Maua Whitman also claims his services. In the future clubs will have the right to sign all their last season's players, and no other clubs will be allowed to interfere with such players. This is the substance o fa resoution adopted at the meeting last evening.

The league voted for protection unler clause B of the national agreement. This guarantees protection to all State league clubs during the playing season, but does not allow a club the privilege to reserve its players from

mason to season. There is still considerable business to be transacted and another meeting will be held this morning, when the different clubs will put in their claims for all players they desire who were with State league clubs last season.

After Swearing Off. How many have taken vows of absti-nence with the birth of the new year is perhaps hard to estimate, but we now know that such efforts are futile against inveterate habit, a habit which has become a disease. There was a time when it would have been easy to quit, but having neglected to do so the habit continued until by the constant or frequent use of the poison there was forced a change in the poison there was forced a change in the nervous system which made it not only possible to drink, but necessary. Then you could drink a good deal and not seem to get drink, but you also found it necessary, to keep you feeling good and you "craved liquor" because you had become diseased. Now that swearing off does no good and the pledge can't be kept, go and make your resolution good for all time by taking treatment at the Keeley Institute, 726 Madison avenue, Sranton, Pa. 726 Madison avenue, Sranton, Pa.

Mrs. Hand then read an excellent paper on the present status of temperince work. She thought that total abtinence, moral aussion and local option were merely steps in the right di-rection, and that the only way the demon intemperance could be mastered was by the ballot box. She also advocated the granting of the power to vote to women.
